# CHILD CARE CONTRIBUTION CREDIT

Mile High United Way is changing the odds for young children, and investments in high quality early education ensure a stronger, more vibrant economy – now and into the future. With your support through the Child Care Contribution Credit, we partner with 41 organizations for the 2020/2021 fiscal year to ensure children receive a strong start in every community, and parents can provide for their families knowing their children are in good hands. Your investment extends beyond high quality early care and also ensures that children have a safe place to go before and after school.
