THE TAMARA M. SPARKS EARLY LEARNING CENTER

Opening in spring 2024, this new best-in-class early childhood learning center will support almost 60 children and their families. Affordable child care is one of our community's most pressing needs. The Women United Initiative is proud to support this center and the families it serves.

THE INNOVATION FUND

The Innovation Fund Award recognizes organizations seeking creative solutions to challenges facing women and girls. This year, the Women United Initiative is proud to support the Colorado Village Collaborative's Welcome Village, a tiny home village that provides safe housing for women experiencing homelessness as they transition to more permanent housing.

Previous Innovation Fund recipients include Safehouse Progressive Alliance Network (2022), Mile High Early Learning (2021), A Precious Child (2020), ECDC African Community Center (2019) and Girls Inc. of Metro Denver (2018)

EMERGING NEEDS

Each year the Women United Initiative adapts to meet the ever-changing needs of our community by investing in new opportunities to partner with our community. In 2022, Women United launched The Village, a new event to connect parents and caregivers to essential baby and child care supplies.

THE KINDNESS PROJECT

Women United supports a wide range of community events, including the Mile High United Way Children's Holiday Party, the Women of Tocqueville Community Baby Shower and Back to School Bash.

2024 EVENT CALENDAR

You will learn about additional networking and volunteer opportunities throughout the year. We will also email you detailed invitations approximately one month before each event.
